

Standard Mixes

SERVICE OVERVIEW

The Foundation of Every Project

Standard mixes of concrete, also known as ready-mix concrete, are the backbone of every construction project; they provide essential building structures of all shapes and sizes. At Speedy Concrete, pre-mixed concrete batches are manufactured and delivered to the sites in a ready-to-use form. We deliver high-quality standard-mix concrete in Richmond, Surrey, Delta, Vancouver, and Abbotsford.

We formulated these mixes carefully to meet specific strength, durability, and workability requirements. We provide standard-mix concrete for footings, foundations, driveways, sidewalks, curbs, stairwells, walls, floors, and much more.

**Get The Right Mix For Your
Residential, Commercial, And
Industrial Projects**

About Us

At Speedy Concrete, we take pride in our journey of delivering quality concrete solutions in Western Canada. Over the years, we have grown from a local concrete supplier to a trusted

partner for construction projects of all sizes.
