Key Features

- Height: 3 feet — ideal for small to medium spaces.
- Material: Non-toxic, eco-friendly PVC.
- Appearance: Dense, lush green branches for a natural look.
- Assembly: Simple, tool-free setup.
- Reusable: Long-lasting quality for multiple festive seasons.

Each detail of this tree is crafted with care to offer durability and style while keeping it lightweight and easy to handle.

Compact Yet Captivating

For many Indian homes and apartments, space is limited — but that should never limit your festive spirit. The **Salvus APP SOLUTIONS artificial Christmas tree 3 feet** version is designed to bring a complete holiday feel without taking up too much room.

Its height makes it ideal for placement on the floor, table, or corner display. It looks equally beautiful in a living room, hallway, office reception, or bedroom. You can even decorate it for small gatherings or workplace celebrations.

Despite its compact size, the tree's full-bodied structure gives it a luxurious and premium presence, ensuring your décor looks rich and complete.

Realistic Look and Premium Build Quality

When purchasing a [Christmas tree for home decoration online](#), quality and realism matter the most. Salvus APP SOLUTIONS ensures that every tree offers a lifelike appearance, mimicking the beauty of a natural pine tree.

The branches are carefully designed to be dense and sturdy, allowing you to hang decorations, ornaments, lights, and garlands with ease. The premium-grade PVC material is flame-retardant, ensuring safety for indoor setups.

The vibrant green shade and smooth texture remain fresh even after multiple uses, giving your décor a professional, festive touch every year.

Effortless Assembly and Easy Storage

Setting up the **Salvus APP SOLUTIONS Christmas tree** is simple and quick. You don't need any tools or technical knowledge. The tree comes with a sturdy base and detachable sections that can be easily joined and fluffed to perfection.

Once the festive season is over, you can **dismantle and store** it neatly in a box or storage bag. Its compact structure makes it convenient to store without taking much space, ensuring it remains in excellent condition for future celebrations.

For busy families and professionals, this tree is the perfect blend of convenience and elegance.

Eco-Friendly and Sustainable Choice

An **artificial Christmas tree 3 feet** tall is not just practical — it's also environmentally responsible. Real trees require cutting, disposal, and frequent replacement. In contrast, this eco-friendly model can be reused year after year, reducing environmental impact while maintaining festive beauty.

Made from recyclable materials, this **Christmas tree for home decoration online** offers a sustainable way to celebrate Christmas. It's a one-time investment that keeps bringing joy every holiday season.
