

DENTAL BRACES IN ABU DHABI

ABOUT US

Founded in 2001 at Navy Gate, Abu Dhabi, Al Khaja Medical Center L.L.C. has earned a reputation for excellence in dental care. Relocating to Hamdan Street in 2018, the center continues to provide accessible, high-quality dental services in a modern, central location. Our experienced team offers a full range of treatments, including orthodontics, periodontics, endodontics, prosthodontics, pediatric dentistry, and general dental care. We prioritize patient comfort and create a welcoming, professional environment for individuals and families alike. Committed to maintaining the highest standards of oral health, Al Khaja Medical Center delivers personalized, precise, and compassionate care, ensuring every patient receives effective solutions and enjoys a healthy, confident smile.
