

ANODIZING FINISHES IN UAE

ABOUT US

Founded in 2002 by Mr. Ebrahim Saeed Alghas, AREXCO has grown into one of the leading aluminium profile extruders in the Gulf Region. With an unwavering focus on quality, innovation, and customer satisfaction, we have expanded our reach both regionally and internationally. Our mission is to grow with the market by delivering premium products and exceptional service, tailored to meet diverse industry needs. At AREXCO, we pride ourselves on offering custom-engineered solutions backed by technical expertise and timely delivery. Continuous investment in advanced technology and skilled professionals allows us to maintain superior production standards. Our vision is to become a global leader in aluminium extrusion—recognized for excellence, integrity, and a commitment to exceeding customer expectations across every sector we serve.

ANODIZING FINISHES IN UAE

AREXCO is a leading provider of high-quality anodized aluminium in the UAE, trusted by industries for its durability, aesthetics, and performance. Our state-of-the-art anodizing facility enhances the natural properties of aluminium, offering corrosion resistance, increased surface hardness, and a wide range of finishes to suit architectural and industrial applications. Whether for construction, interiors, or specialized manufacturing, our anodized aluminium profiles are engineered to meet the highest international standards. Backed by over two decades of expertise, AREXCO delivers customized solutions with precision and consistency, ensuring both functional and visual excellence. With a strong commitment to innovation and customer satisfaction, we continue to be the preferred choice for anodized aluminium products across the UAE and the wider Gulf region.
